## How to use this report

Read the technical foundation before the later chapters. Each condition factor remains separate so one dignity, difficulty, or prominent placement cannot silently become the whole judgment.

Traditional doctrine boundary: the seven traditional planets govern rulership, dignity, sect, Lots, dispositorship, and time-lord technique. This report does not introduce modern psychological or evolutionary astrology. Uranus, Neptune, and Pluto are not included.

Governed interpretation passages are selected from the frozen chart facts and exact published content versions. Read their synthesis reasons and source index as the audit trail behind the prose.

Read the foundations in order: sect and Ascendant, luminaries, seven traditional planets in Whole Sign places, then Fortune and Spirit. The interpretation chapters explain these anchors without reducing the nativity to a personality profile or prediction.

## Introduction

This report establishes the traditional natal frame in reading order. It begins with sect and the Ascendant, locates the luminaries and seven traditional planets in Whole Sign places, and closes the foundation with Fortune and Spirit.

## Chart foundation

Ascendant: Aries 12.0°. Sect: Day.

## Exact prenatal syzygy

Full Moon at 1982-06-06T18:00:00.000Z UTC, 5.7500 days before birth. Sun: Gemini 15.0°, natal Whole Sign house 3, ruled by Mercury. Moon: Sagittarius 15.0°, natal Whole Sign house 9, ruled by Jupiter.

Rules swiss-prenatal-syzygy-1.0.0. The 180° Sun-Moon root was solved with a 6-hour bracket and 1-second precision; residual 0.0400 arcseconds. Both luminary longitudes are preserved. No hyleg, longevity, conception-time, or single operative-degree verdict is inferred.

## Natal foundations reading order

Framework natal-foundations-framework-1.0.0. The Ascendant establishes the Whole Sign place sequence; sect identifies the chart's solar frame. These are organizing conditions, not scores.

## Priority synthesis

The main reading is organized by deterministic Hellenistic hierarchy. Synthesis 1.0.0; narrative 1.1.0; compound 1.0.0; compression 1.0.0; overview 1.0.0; conclusions 1.0.0; source index 1.0.0. Lower-priority governed material remains in the appendix.

## What ties this reading together

The reading is anchored first by Aries rising, prioritized because ascendant establishes the whole sign chart. The next structural anchor is Moon in Whole Sign house 1, which brings planetary condition and placement into the main interpretation. Moon in Aries adds a third high-priority layer from planetary condition and placement. Sun in Whole

Sign house 5 provides the next supporting anchor. The sections that follow unpack these anchors in order and preserve the lower-priority governed material in the reference appendix.

## Chart backbone

Begin with the structure that organizes the rest of the nativity. The Ascendant establishes the Whole Sign chart, while sect changes the operating condition of the traditional planets. The later sections should be read through this foundation rather than as separate personality labels.

The strongest testimony here is Aries rising because ascendant establishes the whole sign chart. Read it together with Day chart, the next-highest ranked factor in this section.

### Aries rising

Aries rising makes Aries the first Whole Sign house and Mars the ruler of the Ascendant, giving Mars a central role in questions of body, temperament, vitality, and life direction. The first-house manner is shaped by initiation, urgency, competition, and direct action, but the condition of Mars shows how available or complicated that style is in practice. Because the Ascendant establishes the Whole Sign sequence, the entire chart must be judged from this starting point rather than treating the rising sign as a standalone personality label.

Why this is prioritized: Ascendant establishes the Whole Sign chart.

### Day chart

A day chart has the Sun above the horizon. In the Hellenistic doctrine of sect, the Sun leads the diurnal team with Jupiter and Saturn; Jupiter is the benefic of sect and Saturn is the malefic of sect, while Venus and Mars belong to the contrary nocturnal team. This usually makes Jupiter's support and Saturn's capacity for constructive restraint easier to access, while Mars requires closer attention because its heat is contrary to sect. Mercury is variable and is judged by its relationship to the Sun and the rest of the chart. Sect does not replace sign, house, dignity, or aspects; it changes the operating condition of the planets.

Why this is prioritized: Sect conditions the planetary team.

## Planetary condition and placement

With the chart structure established, the traditional planets can be judged by sign and Whole Sign house. Their placements describe what each planet is trying to do, where it acts, and what support or complication its condition introduces.

The strongest testimony here is Moon in Whole Sign house 1 because luminary placement. Read it together with Moon in Aries, the next-highest ranked factor in this section. Sun in Whole Sign house 5 adds the next layer of supporting context. 6 additional featured statements develop the same section before lower-priority material moves to the appendix.

## **Moon: sign and place**

Read Moon as one placement. Its sign describes the planet's condition and mode of expression; its Whole Sign house identifies where that planetary agenda is carried into the life.

### **Moon in Aries**

Traditionally, Moon signifies the body, nourishment, daily circumstance, change, reception, travel, and responsiveness. Bodily rhythms, daily circumstances, nourishment, movement, and responsiveness are filtered through the Aries style of initiation, urgency, competition, and direct action. Because Aries is ruled by Mars, the condition and placement of Mars help determine whether Moon's topics are supported, redirected, or complicated. Moon has no major domicile or exaltation dignity here, so the condition of Mars becomes especially important. Stelliums treats sign placement as one layer of the nativity: Whole Sign house, sect, aspects, solar condition, motion, and rulership can substantially alter the manifestation.

Why this is prioritized: Luminary placement; Planet is in a prominent Whole Sign place.

### **Moon in Whole Sign house 1**

The Whole Sign house 1 concerns life, body, temperament, appearance, and the native's manner of meeting the world. The Moon makes this place more changeable and lived through the body, routine, family, movement, or shifting circumstances. The final judgment depends on sign, ruler, sect relationship, aspects, and angularity; house placement alone is not a complete prediction.

Why this is prioritized: Luminary placement; Planet is in a prominent Whole Sign place.

## **Sun: sign and place**

Read Sun as one placement. Its sign describes the planet's condition and mode of expression; its Whole Sign house identifies where that planetary agenda is carried into the life.

### **Sun in Leo**

Traditionally, Sun signifies authority, visibility, honor, vitality, leadership, and the capacity to direct. Visibility, leadership, honor, and the need to direct are expressed through the Leo style of visibility, command, honor, steadiness, and self-direction. Because Leo is ruled by Sun, the condition and placement of Sun help determine whether Sun's topics are supported, redirected, or complicated. In traditional dignity doctrine, Sun is in domicile here, operating in one of its own signs and therefore with greater autonomy when the rest of the chart supports it. Stelliums treats sign placement as one layer of the nativity: Whole Sign house, sect, aspects, solar condition, motion, and rulership can substantially alter the manifestation.

Why this is prioritized: Luminary placement; Planet is in a prominent Whole Sign place.

### **Sun in Whole Sign house 5**

The Whole Sign house 5 concerns children, pleasure, sexuality, celebration, creative acts, and circumstances that bring enjoyment or good fortune. The Sun tends to make this

place more visible and ties authority, honor, direction, or recognition to it. The final judgment depends on sign, ruler, sect relationship, aspects, and angularity; house placement alone is not a complete prediction.

Why this is prioritized: Luminary placement; Planet is in a prominent Whole Sign place.

## **Mars: sign and place**

Read Mars as one placement. Its sign describes the planet's condition and mode of expression; its Whole Sign house identifies where that planetary agenda is carried into the life.

Traditionally, Mars signifies heat, severing, conflict, courage, competition, urgency, injury, and forceful action. Action, courage, severing, conflict, competition, and urgency are expressed through the Capricorn style of structure, duty, endurance, material limits, and long-range construction. Because Capricorn is ruled by Saturn, the condition and placement of Saturn help determine whether Mars's topics are supported, redirected, or complicated. Mars is traditionally exalted here, an elevated condition that can make its significations prominent or capable, though the final judgment still depends on house, sect, aspects, and rulership. Stelliums treats sign placement as one layer of the nativity: Whole Sign house, sect, aspects, solar condition, motion, and rulership can substantially alter the manifestation.

Why this is prioritized: Planet is in a prominent Whole Sign place.

## **Venus: sign and place**

Read Venus as one placement. Its sign describes the planet's condition and mode of expression; its Whole Sign house identifies where that planetary agenda is carried into the life.

Traditionally, Venus signifies union, affection, pleasure, beauty, art, agreement, fertility, and social ease. Affection, agreements, pleasure, art, attraction, and social bonds seek expression through the Libra style of agreement, proportion, alliance, judgment, and social negotiation. Because Libra is ruled by Venus, the condition and placement of Venus help determine whether Venus's topics are supported, redirected, or complicated. In traditional dignity doctrine, Venus is in domicile here, operating in one of its own signs and therefore with greater autonomy when the rest of the chart supports it. Stelliums treats sign placement as one layer of the nativity: Whole Sign house, sect, aspects, solar condition, motion, and rulership can substantially alter the manifestation.

Why this is prioritized: Planet is in a prominent Whole Sign place.

## **Jupiter: sign and place**

Read Jupiter as one placement. Its sign describes the planet's condition and mode of expression; its Whole Sign house identifies where that planetary agenda is carried into the life.

Traditionally, Jupiter signifies growth, justice, counsel, faith, prosperity, generosity, protection, and legitimate authority. Growth, counsel, justice, faith, protection, and prosperity are pursued through the Gemini style of speech, exchange,

learning, multiplicity, and movement. Because Gemini is ruled by Mercury, the condition and placement of Mercury help determine whether Jupiter's topics are supported, redirected, or complicated. Jupiter is traditionally in detriment here. This is a condition judgment rather than a moral defect: the planet works opposite one of its domiciles and depends more heavily on the sign ruler and other support. Stelliums treats sign placement as one layer of the nativity: Whole Sign house, sect, aspects, solar condition, motion, and rulership can substantially alter the manifestation.

Why this is prioritized: Planet is in a prominent Whole Sign place.

## **Mercury: sign and place**

Read Mercury as one placement. Its sign describes the planet's condition and mode of expression; its Whole Sign house identifies where that planetary agenda is carried into the life.

Traditionally, Mercury signifies speech, writing, calculation, learning, trade, craft, interpretation, and mediation. Thinking, speech, writing, calculation, trade, and interpretation operate through the Leo style of visibility, command, honor, steadiness, and self-direction. Because Leo is ruled by Sun, the condition and placement of Sun help determine whether Mercury's topics are supported, redirected, or complicated. Mercury has no major domicile or exaltation dignity here, so the condition of Sun becomes especially important. Stelliums treats sign placement as one layer of the nativity: Whole Sign house, sect, aspects, solar condition, motion, and rulership can substantially alter the manifestation.

Why this is prioritized: Planet is in a prominent Whole Sign place.

## **Saturn: sign and place**

Read Saturn as one placement. Its sign describes the planet's condition and mode of expression; its Whole Sign house identifies where that planetary agenda is carried into the life.

Traditionally, Saturn signifies constraint, delay, scarcity, labor, age, boundaries, solitude, endurance, and consolidation. Duty, restraint, endurance, scarcity, boundary-setting, and consolidation are worked out through the Aquarius style of systems, principles, collective structures, distance, and durable ideas. Because Aquarius is ruled by Saturn, the condition and placement of Saturn help determine whether Saturn's topics are supported, redirected, or complicated. In traditional dignity doctrine, Saturn is in domicile here, operating in one of its own signs and therefore with greater autonomy when the rest of the chart supports it. Stelliums treats sign placement as one layer of the nativity: Whole Sign house, sect, aspects, solar condition, motion, and rulership can substantially alter the manifestation.

Why this is prioritized: Planet is in a prominent Whole Sign place.

## **What to carry forward**

These takeaways restate the strongest governed relationships already established in the reading. They do not add a new astrological technique or prediction.

## Keep the chart backbone first

Aries rising is one of the highest-priority structural factors in this report. Use it as context for the later placements rather than reading those placements as isolated descriptions.

Grounded in: Aries rising.

## Read planetary condition with testimony

Moon in Whole Sign house 1 is a leading planetary placement in the report. Keep condition, place, and configuration together rather than turning one factor into the whole interpretation.

Grounded in: Moon in Whole Sign house 1.

## Reference appendix

These governed statements were selected by the template but ranked below the main reading. They remain here in their full governed form so the report preserves the complete source record.

### Lot of Fortune in Whole Sign house 9

The Lot of Fortune describes embodied and material circumstances: the body, health, prosperity, resources, and events that happen to the native rather than arising solely from deliberate choice. In Whole Sign house 9, the Lot of Fortune connects material circumstances, bodily conditions, resources, or events that arrive from outside deliberate control with religion, divination, dreams, philosophy, advanced learning, long journeys, and the search for higher order. This does not make every topic of the house inevitable. The ruler of the Lot's sign, planets configured to the Lot, and the condition of the house ruler determine whether the place is supported, contested, delayed, or made especially active.

### Lot of Fortune in Sagittarius

The Lot of Fortune describes embodied and material circumstances: the body, health, prosperity, resources, and events that happen to the native rather than arising solely from deliberate choice. With the Lot of Fortune in Sagittarius, those topics are administered through the Sagittarius mode of expansion, doctrine, travel, counsel, and forward-looking judgment. Jupiter, ruler of Sagittarius, becomes the principal planet to inspect: its house, sign condition, sect, motion, and aspects describe how the Lot can be supported or constrained. The sign of the Lot describes the manner and ruler of the topic; the Whole Sign house of the Lot shows where its circumstances are encountered.

### Lot of Spirit in Whole Sign house 5

The Lot of Spirit describes intention and directed action: what the native chooses, pursues, organizes, believes worth doing, and may develop into vocation or purposeful work. In Whole Sign house 5, the Lot of Spirit connects choices, ambitions, purposeful action, vocational direction, and what the native intentionally tries to develop with children, pleasure, sexuality, celebration, creative acts, and circumstances that bring enjoyment or good fortune. This does not make every topic of the house inevitable. The ruler of the Lot's sign, planets configured to the Lot, and the condition of the house

ruler determine whether the place is supported, contested, delayed, or made especially active.

## **Lot of Spirit in Leo**

The Lot of Spirit describes intention and directed action: what the native chooses, pursues, organizes, believes worth doing, and may develop into vocation or purposeful work. With the Lot of Spirit in Leo, those topics are administered through the Leo mode of visibility, command, honor, steadiness, and self-direction. Sun, ruler of Leo, becomes the principal planet to inspect: its house, sign condition, sect, motion, and aspects describe how the Lot can be supported or constrained. The sign of the Lot describes the manner and ruler of the topic; the Whole Sign house of the Lot shows where its circumstances are encountered.
